

PowerSchool iPad Application

PowerSchool for Parents and Power School for Students 1.1.is available as a free application from the App Store on your iPad device

With this free PowerSchool for Parents iPad app, parents can check on their child's progress and view school announcements.

With this free PowerSchool for Students iPad app, student's can also monitor their progress in school.

Please setup up your grade books on your PC/MAC before using PowerSchool Mobile.

To load PowerSchool Mobile on your iPad:

- On your iPad, go to the App Store and search for "PowerSchool". You can also do this by searching for it in iTunes Store (itunes.com) on the computer you sync with.
- Install the PowerSchool for Parents or PowerSchool for Students app.
- Download and then run the app on the iPad.
- In the app, go to "settings" and then "server settings"
- The server name is ***cps.cec.edu.bs*** and the port is **80**. Make sure that SSL Enabled is "Off".
- Now click "Locate District Server" and put in "**71351**" under zip code.
- Click "Search Now" and it should find "**Archdiocese of Nassau/CBE Nassau, 71351**".
- Click on "**Archdiocese of Nassau/CBE Nassau, 71351**" and you will return to the settings screen.
- Click "Login" in the upper left
- Enter your PowerSchool login and password, and then click school. Find your school and click it.
- You are returned to the login screen where you click "Login".
- From now on you should only need to fill in your password each time you use the app.
- Note that you cannot be logged in to PowerSchool on your computer and on the app at the same time.
